Business Information: a new era?

By Giovanni Amodeo, Global Head of Content

Data compiled by Katharine Dennys, Research Editor EMEA

It looks like Middle Age....

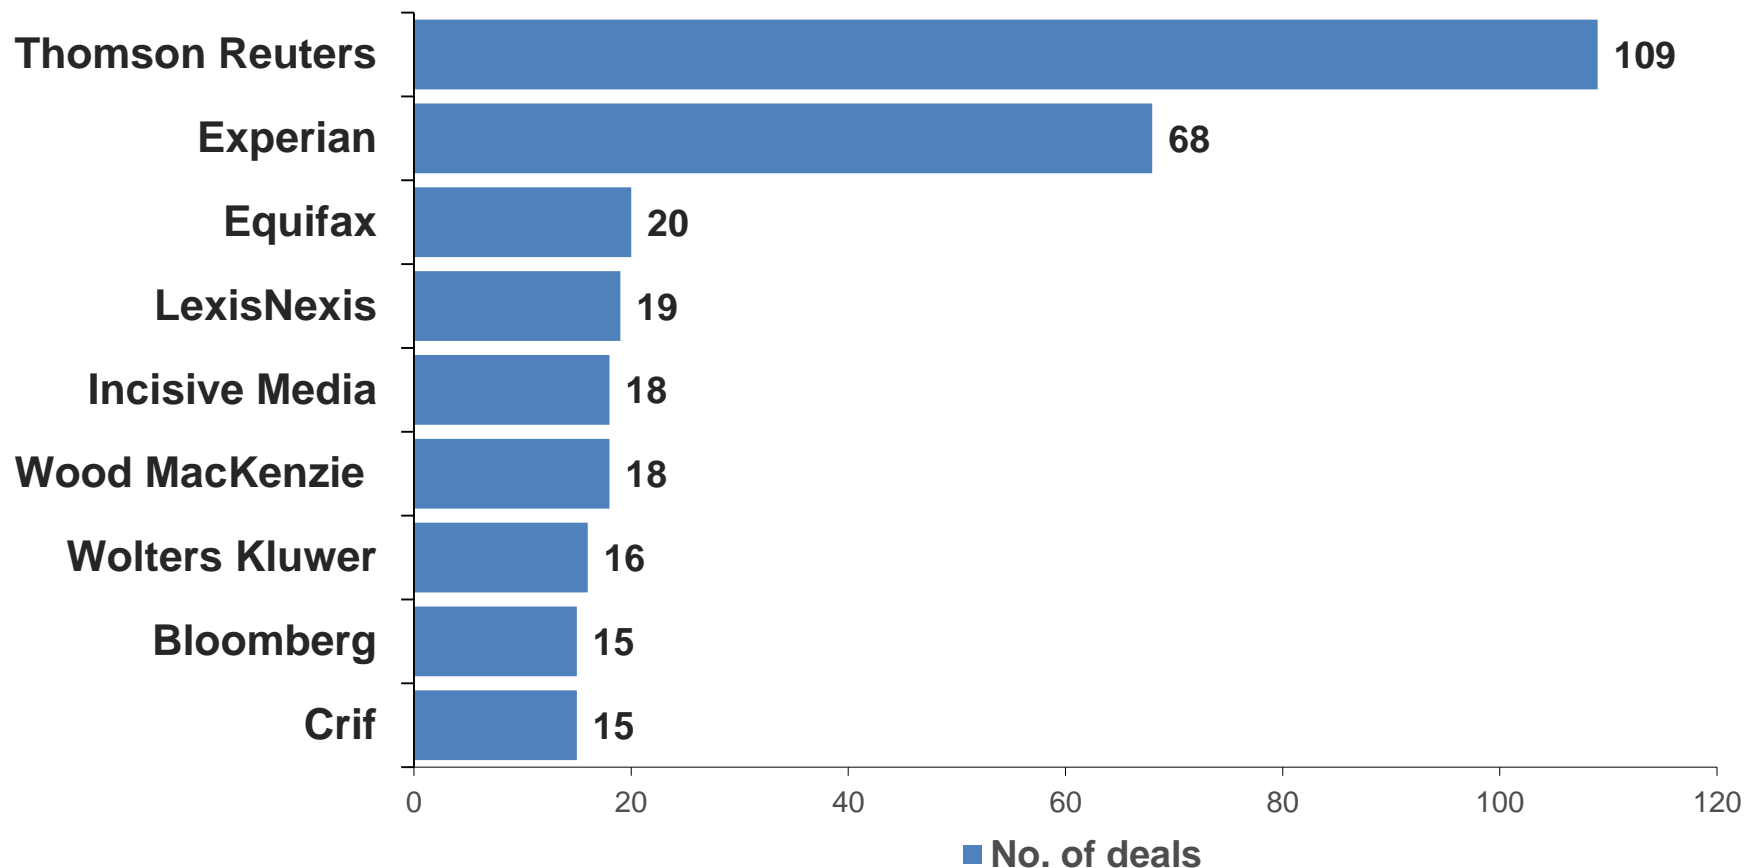

...and this seems so out of date! But is this good enough?

So, is Artificial intelligence the future?

Let's go back and start with some deals....

Now, where do we stand?

- Time spent on articles decreases
 - Average age of practitioners
 - New technologies catching up
 - Pressure on costs
- Less is more? (Lex is more?). Outsourcing

Conclusions

Can we keep status quo?
How do we serve the client?
